Home technology is a $14 billion industry that is advancing rapidly to meet consumer demand for connected experiences. CEDIA, the leading global authority for home technology, is central to this growing industry, serving 3,700 manufacturers, designers, and integrators of goods and services for the connected home. CEDIA’s education and training opportunities in combination with tools and events help member companies build relationships to stay relevant and informed.

To remain competitive and serve the needs of consumers, CEDIA’s members and potential members must also stay in the know about the latest products, technologies, and industry trends. That’s where we come in, providing inspiring business profiles, exclusive interviews with thought leaders in the field, new product reviews, and insight into the evolving market.

We differentiate ourselves from competitors through our hybrid audience of B2B and B2C readers and subscribers; delivering quality, credible content with the highest level of integrity; providing a consistent, reliable one-stop shop for independent industry news and information; and giving our subscribers access across a variety of platforms, including our website, electronic publications, special print editions, email newsletters, podcasts, smartphone applications, smart reader applications, social media, and multimedia hosting.

We offer a dedicated sales team, expert in attracting and retaining valuable advertisers, allowing our publication to have a larger budget than competitors.

An award-winning, experienced, reputable editorial team, led by Innovative Properties Worldwide, lends Residential Tech Today credibility, global circulation, and world-class educational programming for members of this dynamic and growing industry.

The bi-monthly print editions are published in a perfect bound, glossy format. By its very design, our issues are meant not to be thrown away and as such have a very high pass-along readership.
Technology
An exploration of the constantly changing world of audio and video combined with the challenges of building reliable and secure home networks, control systems, power management, lighting, and environmental systems that incorporate AI, voice, and cloud-based technologies.

Innovator Profiles
This section is a veritable “who’s who” of the residential technology space. Through exclusive interview features, our Innovator Profiles introduce you to major influencers and thought leaders of the industry.

Media & Entertainment
We take you behind the scenes with the biggest names in entertainment and media. With exclusive interviews and thought-provoking features, our media & entertainment section provides insights into the popular culture of residential technology.

Events & Conferences
Keep up with the latest breakthroughs from our partners and affiliates with in-depth previews and coverage of events and conferences relevant to the booming home automation industry.

DIY
Engaging content to help early adopters and intelligent home enthusiasts easily understand the “how-to’s” of their equipment integrations.

Product Revolution
In an industry of constant innovation, it’s vital to highlight the products that drive the success of custom integration business. Our Product Revolution section gathers the essential accessories that are revolutionizing the residential tech industry.

Career and Education Training
The essentials for skill enhancement and continued education on the latest training and technology advancements.

Each issue also contains features on:
- Connected Home
- Health Tech
- Smart Devices
- Design Developments
- Green Tech
- Industry Relations Insights
- Security Trends
- Entertainment Tech Opportunities

“Working with the InnoTech team has brought a synergy and a definite upswing in business opportunity. From the beginning, their enthusiasm has been contagious, and has helped generate ideas that enhance our brand visibility and image. We find the entire InnoTech team to be enthusiastic, flexible, helpful, and knowledgeable. We are proud to advertise in such a quality magazine.”

– Steven E. Schulz, Modulus Media Systems
### January/February 2021
**Privacy and Security Matters.** There are more internet-connected devices in the home than ever before, which adds remote control conveniences and efficiencies but also potential privacy mistakes and security breaches. Find out how home networks can be protected and what lessons can be learned from prior incidents.

**FOCUS:** KITCHEN TECH // **Materials Close Date:** December 15, 2020

### March/April 2021
**The Evolution of Video:** Video resolution improvements never stop. As soon as 4K was announced, many were already asking for 8K. What’s the latest state of the art and where should we look for the next big technical development?

**FOCUS:** OUTDOOR TECH // **Materials Close Date:** February 15, 2021

### May/June 2021
**The Commercial Crossover:** With lines between the home and corporate office more blurred than ever before, how are corporate offices environments reflecting the same technologies found in the most advanced intelligent homes and vice versa? What other light commercial environments are still viable installation opportunities in the global pandemic era?

**FOCUS:** VIDEO TECH // **Materials Close Date:** April 15, 2021

### July/August 2021
**Powering the Smart Home:** On the verge of hurricane season, the electrical infrastructure of the home is more complicated than it used to be, with line noise, grounding challenges, and complications to the way power distribution and routing can be tackled according to the National Electrical Code. How can we protect the smart home with surge protection and power backup systems?

**FOCUS:** LOUDSPEAKERS // **Materials Close Date:** June 15th 2021

### September/October 2021
**The Network Ecosphere:** Now, more than ever, it’s essential that home networks provide both wired and wireless accommodations to create the best service for the end-user customer as an increasing number of intelligent devices are added every year.

**FOCUS:** CONTROL SYSTEMS // **Materials Close Date:** August 15th 2021

### November/December 2021
**Healthy Home:** New technologies and better science are finding ways to help homeowners from all economic strata live in environments with cleaner air and water and more natural lighting. Find out what opportunities exist single-family and multi-family homes, and how technology integrators and forward-looking architects are leading the way.

**FOCUS:** HOME SECURITY TECHNOLOGY // **Materials Close Date:** October 15th 2021

Native Advertising
Increase engagement with your advertising by creating (or having us create) a native ad. These ads are thought leadership and best practice articles that feel like a natural part of the magazine. Whether you write it yourself or one of our specialists writes it for you, this is an opportunity to share your company’s vision with our readers.

We offer two native advertising options:
- Native Advertising (Created by You) $5,000
- Native Advertising (Created by Our Team) $6,500

*No more than 500 words per ad. All native ads will be designated as “Brought To You By (Company Name)”. Native advertising produced by our team will align to our editorial standards and AP Style Guide – i.e., it’ll be thought leadership, not a sales pitch.

Section Sponsorships
Want to be associated with a full section of our magazine, such as our sections dedicated to Audio, Home Theater, or Outdoor Tech? Become a section sponsor and get your logo on every page of that section.

Cost: $1,500 – only available in addition to a Full Page Ad or larger.

Ultra-Premium Print Magazines
Advertise in a magazine that represents the highest print quality available – award-winning editorial, 50 lb cardstock glossy cover, perfect bound, and advertisements from only the most innovative brands.

Ad sizes and rates include:
- Full Page – $7,500
- Double Page Spread – $12,000
- Half Page – $4,500
- 1/6 Page – $825
- Outside Back Cover – $19,950
- Inside Front Cover – $14,950
- Inside Back Cover – $10,750
- Table of Contents – $8,950

An example of native advertising is on the right in the image above.
Event Onsite Activation
As media partners with major trade events – including CEDIA, CES, and Greenbuild – we’re uniquely able to boost the impressions of our magazine (and our partners) with the movers and shakers in the industry. We pull out all the stops with gorilla marketing strategies that ensure conference-wide buzz and that our partners can break through the chaos. **Cost: $3,500 per event**

Online Native Ad
Designed to look like an editorial piece, but self promotional piece encouraging your services. **Cost: $3,500**

Residential Tech Talks Podcast Sponsorship
Sponsorship of our podcast, Residential Tech Talks. Logo appearance and 30 second commercial slot. **Cost: $750 per episode**

Exclusive Product Deal Of The Week
Newsletter campaign/social promotion and product featured in online store. **Cost: $1,500**
Social Media Promotion
Boost the impact of your advertisements by having us send your creative and messaging out via our social channels – Twitter, Instagram, Facebook, and LinkedIn.

- 1 Post per Month (All Channels) – $500
- 3 Posts per Month (All Channels) – $1,250

Direct Email Blasts
Interested in sending a message to directly our email subscriber base of 9,000 active subscribers? Cost: $1,500 per send

Ask about Custom Publishing, Agency Services, Brand Ambassadors, and Product Placement in major motion pictures and music videos.
OVERVIEW:
The “healthy home” is being discussed as the next frontier for the evolution of smart technology. Finding the best way to turn the smart home into an environment that mimics the natural world for improved health and wellness of its occupants, from human-centric lighting, to proper sound isolation, air handling, and water purification.
